[1] Les panneaux Structorex® entrant dans la composition des produits Buronomic sont des panneaux mélaminés labellisés PEFC (Programme de Reconnaissance des Certifications Forestières). Ces panneaux sont recouverts d'un procédé décoratif imitant une essence de bois et sont conformes aux exigences du FCBA (Forêt Cellulose Bois-construction Ameublement).  
The Structorex panels used to manufacture the Buronomic range are PEFC (Certified sustainable wood management program) labelled melamine panels. These panels are covered with a wood effect decor and comply with the FCBA (Technical body for the wood and furniture industries) requirements.

[2] Tablettes et caissons uniquement en aluminium et anthracite / Shelves and pedestals only in aluminium and anthracite
